

We are proud to now offer the Cavity Free Kids curriculum to you and your classrooms.

Cavity Free Kids is a complete oral health curriculum designed to educate preschoolers and their families, with an additional curriculum specific to pregnant women, infants and toddlers.

The curriculum was crafted by the Washington Dental Service Foundation and is evidence based.

Cavity Free Kids comes complete with all dental science, lesson plans, recommended circle time activities, table top activities, songs, patterns, and form letters to be sent home to parents, already translated into a variety of languages.

The curriculum offers activities to educate parents, sample newsletter articles, and a step by step guide to implementation.
